

CITY OF CHICOPEE

DEPARTMENT OF PUBLIC WORKS

Jeffrey A. Neece
Superintendent

Joseph Kietner
Chief Operator

Quinn T. Lonczak
Project Supervisor

You are invited you to a Neighborhood Meeting on upcoming Flood Control Improvements and the Connecticut Riverwalk-North

The City of Chicopee has spent over \$4 million protecting the City from floods by upgrading and improving the flood control system. Although much has been done there is further work to do. Water Pollution Control Staff will provide and update on what has been done, what projects still remain and how it affects residents.

Planning Department Staff will provide an update on the status of design/engineering plans for the Connecticut Riverwalk, North project planned between the Medina Street Boat Ramp and Nash Field, along the Connecticut River. Updates will include design status, plans for security and anticipated schedule for design and bidding.

Date: Thursday, February 18, 2016

Time: 6:30 PM

**Location: John J. Stefanik School - Cafeteria
720 Meadow Street
Chicopee, MA 01013**

**For further information please contact Chicopee Water Pollution Control at 413-594-3585 or
Chicopee Planning Department at 413-594-1515**
