The Boy Colonel of the Civil War is the tenth historic documentary video produced by Chicopee School's Community Television. The twenty eight minute video tells the story of Chicopee's most famous military hero. Lt. General Arthur MacArthur, the hero of the Battle of Missionary Ridge, was the youngest regimental commander in the Civil War whose controversial career spanned nearly fifty years of American history. The production commemorates Chicopee's 150th Anniversary and is funded in part by grants from Partyka Resource Management and the Edward Bellamy Memorial Association.
