Our policy is to provide the best travel experience for our travelling seniors at the lowest reasonable cost. Many of our trips are planned directly with the event sales department and bus company eliminating an additional expense. This is possible because of our past successful experience. This is our current policy:
A non-refundable \$5.00 deposit, or more for a multiple day trip, is required to reserve a space for the trip. A seat will be assigned on the bus when the trip is paid in full. After the due date and before a financial commitment for the trip is made a refund will be made minus the initial deposit. After a financial commitment has been made, the Travel Club will work with the person to find a replacement for the trip. If no replacement can be found, a refund will not be made by the Travel Club. No refund will be made for a "No Show" on the day of the trip. Requested exceptions to the policy will be reviewed by the Travel Club.
Please note that all travelers must be independent and able to care for themselves on a trip.
