Chicopee CDBG RFP 2019-2020

I. GENERAL INFORMATION

Community Development Block Grant (CDBG) Programs receive funds from the U.S. Department of Housing and Urban Development (HUD) to state and local governments, who in turn, allocate them to private non-profit community development corporations, community-based organizations, city departments, and private for-profit corporations, for activities that benefit low and moderate-income areas or low and moderate-income persons.

The City of Chicopee's Community Development Block Grant (CDBG) Program is designed to expand opportunities for low and moderate-income citizens through the provision of public services, acquisition and improvements to public facilities, neighborhood improvements, housing, and economic development opportunities.

Subject to Congressional Appropriations and Federal Budget, the City anticipates CDBG funding for the FY 2019-2020 Program to be approximately \$1,000,000. Due to federal regulations, a maximum of 15% of final Entitlement amount may be utilized to fund public service activities.

Proposal Review

Once submitted, no proposal may be amended or substituted, unless the amendment has been requested or permitted by the City. The City, at its sole discretion, reserves the right to contact an applicant if additional information is required.

II. INCOME GUIDELINES

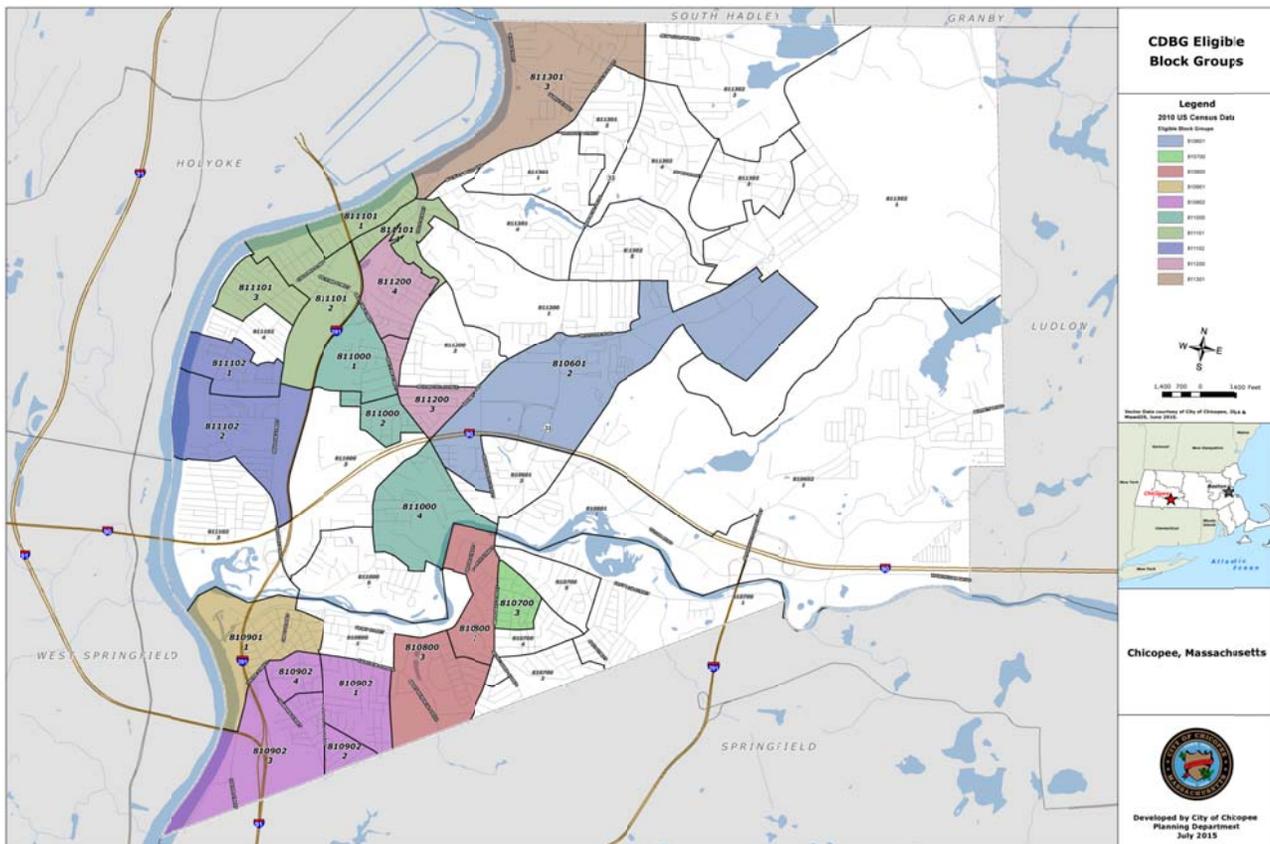

Every proposal that claims to benefit low and moderate-income persons will be required to provide evidence that the beneficiaries of the program meet certain income guidelines. The majority (51%) of the programs beneficiaries must meet HUD income guidelines.

The following income limits by household size represent eligibility for assistance under the Community Development Block Grant.

<i>Family Size</i>	80%
1	45,200
2	51,650
3	58,100
4	64,550
5	69,750
6	74,900
7	80,050
8	85,250

III. ELIGIBLE CDBG AREAS

The following areas have been identified by HUD as CDBG eligible. The physical projects located in these areas are eligible as Low Moderate Income Area Projects.

ELIGIBLE ACTIVITIES

Before preparing a request for funding, first determine if the proposed activity or project is an eligible activity. See also the Code of Federal Regulations at 24 CFR 570.201-207 for an extensive description. A proposed project must be both an eligible activity and meet at least one of the national objectives (listed below) to be considered for funding.

NATIONAL OBJECTIVES FOR CDBG APPLICATIONS

The **primary objective** of the CDBG program is to benefit low and moderate-income persons who earn at or below 80% of the median income and/or reside in census tracts with at least 51% of the population at low and moderate-income levels. Priority will be given to those applications that meet national objective #1 as stated below. *Without exception, all CDBG program activities must meet at least one of the National Objectives listed below:*

- **National Objective 1:** Principally benefits low and moderate-income persons who earn at or below 80% of the median income (Code of Federal Regulations citation 570.208(a).)
- **National Objective 2:** Aids in the prevention or elimination of slums or blight (Code of Federal Regulations citation 570.208(b).)

Section 570.208 of the Code of Federal Regulations lists the criteria to determine whether a CDBG-assisted activity complies with the national objectives stated above. The section related to National Objective 1 is summarized below.

BENEFIT TO LOW AND MODERATE INCOME PERSONS

The primary objective of the CDBG program is the development of healthy communities "by providing decent housing and a suitable living environment and expanding economic opportunities principally for persons of low and moderate income." [HUD requires that, at a minimum, **70%** of the CDBG money be used for activities that benefit low and moderate income people.]

Projects which claim to benefit low and moderate-income (LMI) persons must be

designed to include participation by such persons. A CDBG-assisted activity "benefits LMI persons" if it meets any one of the four following tests:

1. The **Housing Benefit Test** for measuring lower income benefit.

- 1) Housing-related CDBG activities "benefit" LMI persons only if occupied by low and moderate-income individuals and families.
- 2) In multifamily buildings (3 or more units), at least 51% of the units must be occupied by low and moderate-income individuals and families.

2. The **Job Creation or Retention Test** for measuring lower income benefit. The business receiving CDBG assistance must justify that the assistance will benefit low and moderate-income individuals. There are two possible ways it can meet this claim:

- 1) At least 51% of the jobs created or "retained" by the business as a result of the CDBG assistance must be either filled by or "available to" low and moderate income individuals. (Jobs are to be counted on a full-time-equivalent basis.)
- 2) "Available to" means either: the job does not require special skills or additional education; or, the business agrees to hire someone and train them for the job. In addition, the business and city must try to ensure that low and moderate income individuals get first consideration for filling the job.

3. The **Limited Clientele Test** for measuring lower income benefit. Some CDBG-assisted activities are either facilities or services that, by their special nature, serve people who might frequently be lower income people. Examples include shelters for abused spouses, or senior citizen centers. HUD calls these "limited clientele activities." To determine whether one of these activities principally benefits lower income people, one of the following tests must be met:

- (1) Only lower income people are allowed to use the facility or service.
- (2) The activity requires users to provide information about their family income and size, and at least 51% of the users are lower income.

(3) The activity is one that HUD "presumes" that 51% of the users are lower income. For example, HUD "presumes" elderly, homeless, severely disabled, and illiterate adults -- among others -- are lower income.

4. The **Area Benefit Test** for measuring lower income benefit. Many CDBG activities can benefit all people in an area, no matter what their income is. Examples include: street improvements, neighborhood facilities, and fixing the fronts of stores in neighborhood commercial districts. Such projects must meet the "area benefit test" if they are to be counted as benefiting lower income people. To meet this test, at least 51% of the residents of the "area" must be lower income.

In all cases, all applications scored under the low and moderate-income criterion will include review and scoring of the following:

- LMI benefit activity selected
- How LMI persons will be determined
- The number of persons to be served
- The percent of qualifying LMI persons to be served
- How the low and moderate-income persons will benefit

PROJECT ELIGIBILITY

Check one statement that best describes HOW this project or activity meets HUD eligibility:

L/M Area Benefit: the project meets the identified needs of L/M income persons residing in an area where at least 51% of those residents are L/M income persons. The benefits of this type of activity are available to all persons in the area regardless of income. Examples: street improvements, water/sewer lines, neighborhood facilities, facade improvements in neighborhood commercial districts.

L/M Limited Clientele: the project benefits a specific group of people (rather than all the residents in a particular area), at least 51% of whom are L/M income persons. The following groups are presumed to be L/M: abused children, elderly persons, battered spouses, homeless, handicapped, illiterate persons. Examples: construction of a senior center, public services for the homeless, meals on wheels for elderly, construction of job training facilities for the handicapped.

L/M Housing: the project adds or improves permanent residential units that will be occupied by L/M income households upon completion. Housing can be either owner or renter occupied units in either one family or multi-family units. Rental units for L/M income persons must be occupied at affordable rents. Examples: property acquisition for permanent housing, permanent housing rehabilitation, and conversion of non-residential units into permanent housing.

L/M Jobs: the project creates or retains permanent jobs, at least 51% of which are taken by L/M income persons or considered to be available to L/M income persons. Examples: loans to pay for the expansion of a factory, assistance to a business which has publicly announced its intention to close w/resultant loss of jobs, a majority of which are held by L/M persons.
